

ERGONOMIC.
CLUTTER-FREE. PRODUCTIVE.

WORKSMART FITTINGS
FOR OFFICE FURNITURE.

At Ebco, we believe that all spaces are different. We approach workspaces with the goal of making them productive, efficient and healthy for your most important resource – human capital. Worksmart is our exclusive range of fittings for office furniture.

Developed at our recently upgraded and state-of-the-art manufacturing plants, through continuous in-house R&D and our experience as a market leader in India, these fittings are truly world-class and set the benchmark for Indian workspaces.

BIFMA Compliance Certification

OVER 50 YEARS
OF CONTINUOUS INNOVATION.

Ebco was founded in 1963 as a Tool Room and diversified into mass production of critical components such as Cartridge Links for Ordnance Factories. In 1987, Ebco diversified into furniture hardware and has ever since become India's leading manufacturer in the industry.

Palghar Factory

Today, Ebco's product range spans Office Furniture Fittings, Drawer Slides and Hinges, General Hardware, Joinery Fittings & Screws, Furniture Locks, Retail Display Systems, Window, Door & Glass Hardware, Kitchen Systems & Accessories, Aluminium Profiles & Handles, Bed & Wardrobe Fittings & Accessories, Furniture Lights – LED. Our strengths include a range of core competencies in manufacturing, an ever widening product range, stringent quality standards, affordable prices and an all-India distribution network.

INFRASTRUCTURE

Plant 1 - Vasai

We have a state of the art design and product development department which uses the latest 3D design software and CNC Machining Technology. This enables us to launch new products every month. Our Tool Room capacities have increased significantly which has reduced product development lead time. Our corporate office is located in India's financial capital, Mumbai; we have three manufacturing plants and multiple warehousing facilities north of Mumbai in the towns of Vasai and Palghar, Maharashtra.

Plant 3 - Palghar

Our plants use state-of-the-art roll forming and sheet metal pressing technology. Our products are engineered to perform and our quality department helps ensure that we consistently achieve this goal. Our Quality Assurance Laboratory at the Vasai manufacturing plant performs rigorous cycle tests, load tests and other checks in accordance with certified international quality norms.

ERGONOMICS@WORK™

Ergonomics is the science of making spaces work well for people who use them. It is the understanding of how an office environment best interfaces with human use and productivity. Comfort and ease-of-use of office furniture primarily depend on the fittings and accessories that are used with them.

Ebco leads the way with its innovations through Worksmart Fittings for office furniture. Products such as Smart-Lift Height Adjustable Desks, Monitor Arms, Articulated Keyboard Stations, CPU Stations, easy-access under or above desk charging stations and Safe Drawers are just some of the many products that revolutionize workspaces and enable people to work better.

GET ORGANISED...

Clutter is associated with anxiety, stress and lost time spent trying to look for things lost in a mess. Ebco cuts the clutter with a variety of solutions that keep even the smallest of desks organized without compromising on functionality. With less desk space, you can still have more 'work' space. As illustrated above, get more work space from the same desk.

...WITH WORKSMART FITTINGS!

A height adjustable desk allows you to stand when you feel sluggish or sit at a comfortable height. A monitor arm allows you to adjust the monitor to the height and angle that you prefer. Vertebrae keep those messy wires neat and out of sight and a table edge mount charging station ensures that you don't have to go hunting under your desk for power.

Less is more. This is the magic of Worksmart.

STAND UP FOR YOUR HEALTH

Continuously working at your desk in a sitting position leads to poor posture and stress on your muscles and spine. Research shows that for every 45 minutes of sitting, we need to take a break and stretch for 5 minutes.

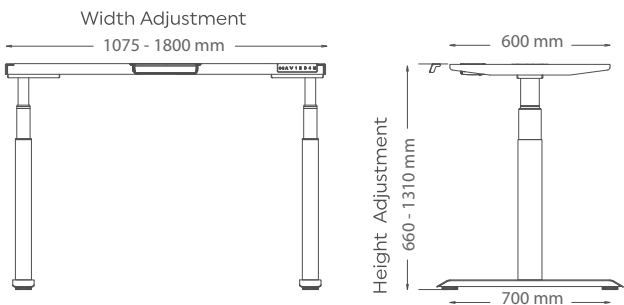

Worksmart Smart-Lift Desks are the perfect solution in enabling you to work sitting down or standing up, at the exact height that suits your body!

SMART LIFTS

SMART LIFT PRO 2

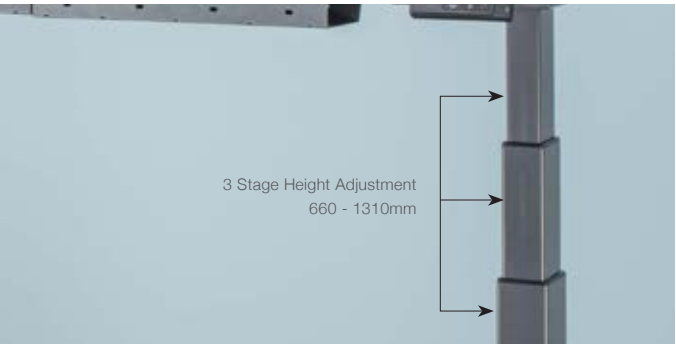

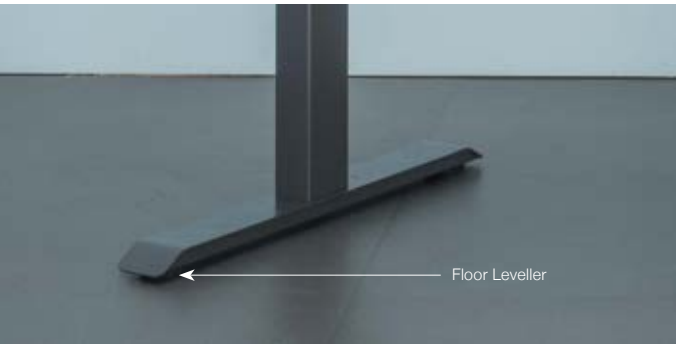

- Dual Motor.
- Anti-collision sensors and safety control.
- 3 Stage rectangular legs.
- 3 Height Memory Setting.
- Height (in cm) Display.
- 2 USB ports for mobile phone charging.
- Width Adjustment: 1075 – 1800mm.
- Height Adjustment: 660 – 1310mm.
- Speed – 40mm/sec.
- Max. Load: Static – 200KGS / Dynamic - 120KGS.
- Input Power: 220-230 V / 50-60 Hz / 2S A
- Noise Level: < 50 dB (A)

- How to set height memory setting:**
