THE HALLMARK OF EFFICIENCY

In our quest for quality, we constantly improve designs, features, and specifications of our products. We therefore reserve the right to alter or change the design specifications without prior notification. The colour of the products in this catalogue may not match the actual colour due to printing limitations.

OVER
60 YEARS OF
CONTINUOUS
INNOVATION.

Ebco was founded in 1963 as a Tool Room and diversified into mass production of critical components such as Cartridge Links for Ordnance Factories. In 1987, Ebco diversified into furniture hardware and has since become India's leading manufacturer of intelligent home and office furniture fittings.

Today, Ebco's product range spans Office Furniture Fittings, Drawer Slides and Hinges, General Hardware, Joinery Fittings & Screws, Furniture Locks, Retail Display Systems, Window-Door & Glass Hardware, Kitchen Systems & Accessories, Aluminium Profiles & Handles, Bed & Wardrobe Fittings & Accessories, Furniture Lights – LED. Our strengths include a range of core competencies in manufacturing, an ever-widening product range, stringent quality standards, affordable prices and an all-India distribution network.

Roll Forming Production Line

INFRASTRUCTURE

Design & Development Dept

CNC machines

Quality Assurance lab

We have a state-of-the-art design and product development department which uses the latest 3D design software and CNC Machining Technology. This enables us to launch many new products every month. Our Tool Room capacities have increased significantly which has reduced product development lead time. Our corporate office is located in India's financial capital, Mumbai; we have three manufacturing plants and multiple warehousing facilities north of Mumbai in the towns of Vasai and Palghar, Maharashtra.

Our plants use state-of-the-art roll forming and sheet metal pressing technology. Our products are engineered to perform and our quality department helps ensure that we consistently achieve this goal. Our Quality Assurance Laboratory at the Vasai manufacturing plant performs rigorous cycle tests, load tests and other checks in accordance with certified international quality norms. Our Window Fittings Plant in Palghar has been expanded to increase production capacity and we have commissioned two new warehouses in Palghar which have significantly increased our storage capacity.

PRODUCT RANGE

Our products are organised in to 12 verticals under 3 brands, each of which are unique, comprehensive and satisfy a variety of requirements.

Ebco - Simplifying Lives

Known for quality with value for money pricing and a wide range, we truly embody the drive to Make in India - we make almost all products under 7 verticals at our plants here in India. Over the past two years, we have significantly widened our range of products with a special focus on the Architectural Hardware and Window Fittings segments.

Worksmart - Ergonomic hardware for offices

Already a market leader in this category, we continue to offer great products to facilitate better working habits and enhance productivity. Our Office Furniture Fittings segment includes a variety of Monitor Arms, Smart Lifts - Height Adjustable Desks, Computer Keyboard Stations, CPU Stations, Cable Organisers and other accessories.

Livsmart - Intelligent hardware for homes.

Our Kitchen Systems and Accessories segment includes Drawer Systems and Accessories, Corner Solutions, Overhead Systems, Midway Systems, Waste Bins, Roll Top Shutters and more. With a special focus on strengthening our Bedroom Furniture Fittings segment we have widened our range of products which includes Wardrobe Sliding Systems and Accessories, Pro Lift & Electric Bed Fittings and related products. We also offer a wide range of Handles & Profiles, beside Furniture Lights (LED) that enhances the decor.

Our strengths in these segments include our broad product range, best-in-segment quality standards, cutting edge features and fair pricing.

CERTIFICATIONS

Quality products, the protection of our environment and nurturing our people have always been our priorities.

As a company, we are BIFMA Compliant. Our manufacturing plant at Vasai houses our Design and Development department, Tool Room, Press Shop, Hardening, Phosphating and Assembly departments and has been certified ISO 9001: 2015 – Quality Management System, ISO 14001: 2015 – Environmental Management System, ISO 45001:2018 – Occupational Health and Safety Management System.

ISO 9001: 2015 Quality Management Systems
ISO 14001: 2015 Environmental Management Systems
ISO 45001: 2018 Occupational Health and Safety Management Systems

Furniture Lights - LED

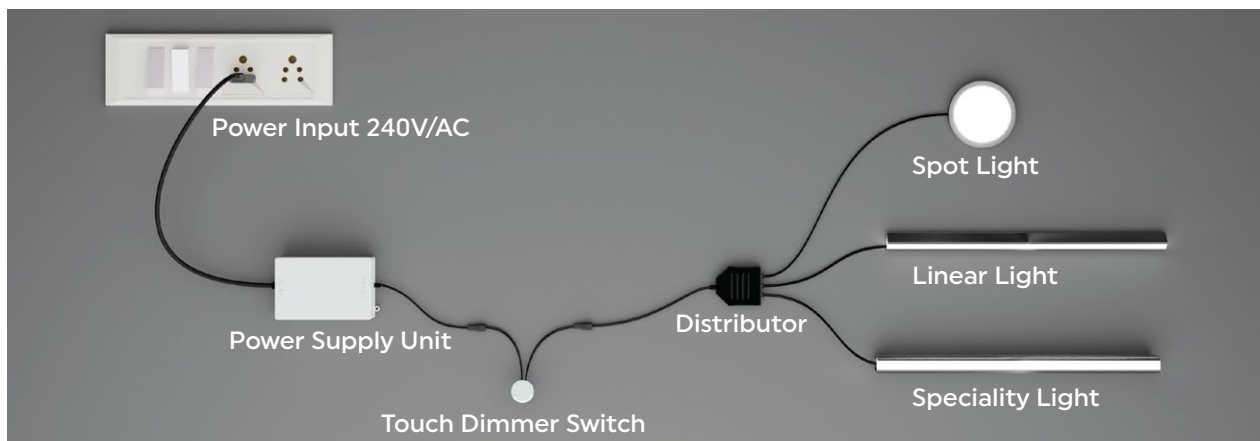

Furniture Lights - LED

| LED LIGHTING |

BIS Certification
bis.gov.in

- Energy saving, Highly Efficient and Sustainable - LED lights are much more efficient than other lights. For the same light emission, they consume up to 90% less power than incandescent lights. LEDs have minimum impact on the environment as they do not emit harmful UV rays
- Colour Temperature Flexibility - LEDs produce the entire range of visible light, improves the natural colour & appearance of your space and products
- Virtually no heat emission

Why Furniture Lights?

Furniture requires low power consuming and low heat generating lighting in order to maximize usability. High heat generation can damage furniture or the products stored or displayed. Low power consumption or low heat generation are important in cabinets in kitchens, offices, wardrobes, retail displays, etc. Light design should be compact, minimalist, dimensionally compatible with board thickness as well as aesthetically compatible with furniture on the whole. In addition, lights should subtly highlight products on display or compliment lit spaces. CRI 85+ is ideal for interior ambient lighting & furniture lighting.

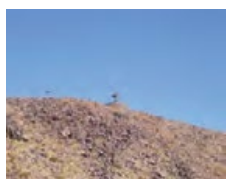

Color Temperature

Furniture Lights - LED

| LED LIGHTS ACCESSORIES |

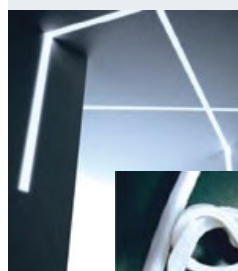

Furniture Lights - LED

| LED STRIP LIGHT - 8MM |

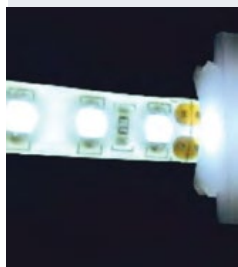

- A versatile LED strip for decorative & cove lighting applications
- High color consistency ensures good light quality
- Power: 24V, 11W/mtr
- CCT: 4000K
- Super bright, double copper PCBS
- 120 LED per meter
- Suits any type of décor - interior & exterior
- Check voltage & polarity before switching on the product
- LED strip light connector to be purchased separately.

Luminor - Versatile Diffuser Of Light

- Creates customized length luminaries
- Flexible design for transforming in any outline –horizontal, vertical, diagonal or geometric

- Suitable for low and high power LED strips. High power LED strips can be used with heat sink aluminium profiles
- Protection against dust, solid objects or moisture and makes profile cleaning much easier. Suits any type of decor – interior and exterior

APPLICATION IDEAS

Can be used for various designing purposes:

Kitchen

Living room

Bedroom

Bathroom

- Interior Lighting - passageways, illuminating mirror edge, floors, etc.
- Cove lighting
- Ceiling and wall lighting
- Exhibition and shelf lighting
- Recessed under kitchen cabinets or retail shelves and display cabinets
