- 3-way adjustment with 'System 32' compatibility.
- Finish : Nickel Plated.

Specifications

Code No. | E - H45

Fitting Instructions

1. Drill out the cavity in shutter as per the dimensions in Fig. 1 using 'ebco' drilling jig. Do not chisel.
2. Fit the cap into the shutter cavity at right angle to the shutter.
3. Mark holes in the cabinet side wall as per Fig. 2 and screw in the mounting plate.
4. 3-way adjustment for vertical, horizontal and pivot movement is available to take care of gaps.
5. Corners of shutters must be radiused.
