Salice Wind -Flap Door System

- Wind is characterised by its compactness and elegant design.
- It is un-obstructive and takes up a minimum of storage space inside the cabinet.
- Unique one lift system with different spring strengths for every dimension and weight of the door.
- This system incorporates a soft close mechanism for decelerated closing or the Push-Opening System for handle-less doors.
- Extremely versatile and suitable for every application : kitchen, office furniture, bathrooms, living and bedroom furniture.
- No assembly needed.
- Available in White & Grey finish.
